REQUEST FOR PRODUCT SUBSTITUTION

Bids shall be based on products and systems specified in Contract Documents or listed by name in Addenda. Whenever in the Specifications any materials, process, or article is indicated or specified by grade, patent, or proprietary name, or by name of manufacturer, that Specification shall be deemed to be followed by the words “or equal.” Bidder may, unless otherwise stated, offer any material, process, or article that shall be substantially equal or better in every respect to that so indicated or specified. The District is not responsible and/or liable in any way for a Bidder’s damages and/or claims related, in any way, to that Bidder basing its bid on any requested substitution that the District has not approved. Contractor and materials suppliers who submit requests for substitutions prior to the award of the Contract must do so in writing and in compliance with Public Contract Code section 3400. **All requests must be processed through Planetbids and comply with the following:**

- a) District must receive any request for substitution a minimum of **TEN (10)** calendar days prior to bid opening. **All requests for substitution of products shall be entered into Planetbids through the Q&A tab. All documentation supporting the substitution shall be uploaded as an attachment to the request.**
- b) Requests for substitutions shall contain sufficient information to assess acceptability of product or system and impact on Project, including, without limitation, the requirements specified in the Special Conditions and the Specifications. Insufficient information shall be grounds for rejection of the substitutions.
- c) Approved substitutions shall be listed in Addenda.
- d) Substitutions may be requested after Contract has been awarded only if indicated in and in accordance with requirements specified in the Special Conditions and the Specifications.
